## NOTES TO THE FINANCIAL STATEMENTS

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### A. BASIS OF PREPARATION

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board, NSW Associations Act 2009 and the Australian Charities and Not-For-Profits Commission Act 2012. Sex Workers Outreach Project Inc is a not-for-profit for the purpose of preparing the financial statements.

*i) Compliance with Australian Accounting Standards – Reduced Disclosure Requirements*  
The financial statements of Sex Workers Outreach Project Inc comply with Australian Accounting Standards – Reduced Disclosure Requirements as issued by the Australian Accounting Standards Board (AASB).

*ii) New and amended standards adopted by the entity*  
None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 July 2014 affected any of the amounts recognised in the current period or any prior period and are not likely to affect future periods.

*iii) Early adoption of standards*  
The entity has not elected to apply any pronouncements before their operative date in the annual reporting period beginning 1 July 2014.

*iv) Historical cost convention*  
These financial statements have been prepared under the historical cost convention, as modified by the revaluation of art works.

*v) Comparative period*  
The entity commenced operations on 1 July 2014 as such, no comparative figures have been disclosed in this financial report as this was the first year of operations.

*vi) Critical accounting estimates*  
The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the entity's accounting policies.

#### B. REVENUE

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of any rebates and amounts collected on behalf of third parties.

The entity recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the association and specific criteria have been met.

#### C. GOVERNMENT GRANTS

Revenue from non-reciprocal grants is recognised when the company obtains control of the funds.

#### D. IMPAIRMENT OF ASSETS

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of

# Sex Workers Outreach Project Inc (SWOP)

## NOTES TO THE FINANCIAL STATEMENTS

an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are entitled at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or entity of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

### E. CASH AND CASH EQUIVALENTS

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### F. TRADE RECEIVABLES

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Trade receivables are generally due for settlement within 30 days. They are presented as current assets unless collection is not expected for more than 12 months after the reporting date.

Collectability of trade debtors is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off by reducing the carrying amount directly. A provision for impairment of trade receivables is used when there is objective evidence that the entity will not be able to collect all amounts due according to the original terms of the receivables.

The amount of the impairment loss is recognised in profit or loss within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account.

### G. TRADE AND OTHER CREDITORS

These amounts represent liabilities for goods and services provided to the entity prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

### H. EMPLOYEE ENTITLEMENTS

#### *Wages and salaries, annual leave and sick leave*

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and accumulating sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

#### *Long Service Leave*

The liability for long service leave expected to be settled within 12 months of the reporting date is recognised in the provision for employee benefits and is measured in accordance with the policy above. The liability for long service leave expected to be settled more than 12 months from the reporting date is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.
